

The 2nd Kyushu-Asia Media Conference (9th Asian City Journalist Conference) “Journalistic View of Designing Cities”

The Asian City Journalist Conference(ACJC) had been held every year since 2006 with the aim to bring journalists in Asia together to exchange opinions, share knowledge and to establish media networks. From last year, the ACJC had been merged into the Kyushu Asia Media Conference(KAMC) jointly organized by Kyushu Economic Federation, and other business groups in Kyushu to broaden the media network among Asian cities.
