街に、ルネッサンス

●Healthy diet by reducing salt consumption project

●Tablet device utilizing seminar for elderlies

●Health promotion physical exercise project

●Autumn Festival with community members

●Student proposals of new support service for elderlies

- **Community revitalize support seminar:**

Dialogue between university students, housing complex shop owners, community members and nursing care center staff to search for new services and activities that revitalize aging community.

- **Café project:**

Every third Saturday, once in a month, the "Hoshinohara café", which co-organized by housing complex shop owners and residents, is opened for everyone.

This café is not only the place to drink coffee but also to offer community members the chance to get together, know each others and enjoy chatting and so on.

- **Room share project:**

Utilizing vacant rooms, Fukuoka university use those rooms for cultural exchange dormitory for Japanese and foreign students. The cultural exchange events mobilizing community members are planned.

- **Temporary restaurant for children**
